International Journal of Modern Mathematics

ISSN 1559-3894

The International Journal of Modern Mathematics (IJMM) publishes peer-refereed original research articles in all areas of modern mathematical sciences. Intended to serve as a forum for those engaged in theoretical as well as analytic research, the journal accepts papers through peer review by professional colleagues in the relevant fields and will publish 3 issues in 2009 in March, July, and November.

Editor-in-Chief

Professor Zhi-Wei Sun
Department of Mathematics, Nanjing University
Nanjing 210093, People's Republic of China
Email: ijmm.editor@gmail.com; zwsun@nju.edu.cn
